### ***Open the Golden Gate to English Fluency***

Learning the English language takes place inside and outside the classroom. At Golden Gate Language Schools, we offer students the best of both.

Inside the classroom, our accredited programs help *you build a strong foundation of the language.*

Outside the class, our many social activities and your GGLS friends let *you practice English anytime, all the time, and in all kinds of real-life situations.*

This process of learning which combines GGLS instruction and constant practice of the language helps *you gain confidence and fluency in English.*

### ***Master English FAST!***

- Our College Track program lets you complete each English proficiency level in four weeks. Study for the TOEFL or participate in the TOEFL Waiver Guaranteed Transfer Program and enter the college of your choice in the shortest possible time.
- Our General Track program allows you to complete your English studies at a less intensive pace.
- Our integrated skills approach prepares you for real situations. Just as in life when you need to use several language skills at once, our classes will do the same. For example, in a reading class you will also be expected to speak and listen.
- GGLS' university format gives you the opportunity to learn from our team of qualified ESL instructors.
